

Sally Seltmann

Hey Daydreamer

Record Label: [Arts & Crafts](#)

by John Noyd

Review published: February 2014

Thoughtfully melodic tales seasoned in lovely buttery bounce and rainbow taffeta laughter, "Daydreamer," leaps between life's peaks and valleys landing on carnival-lined crossroads trimmed in whimsy. Spring-loaded poems nurturing jump-rope jaunts and lavish magical lullabies through spotless chamber-pop chops, Seltmann's ambitious wishes and sparkling self-reflection colors the grayest days in bright insights; subtly twisting emotional indecision into clever, extra-perceptive visions.
